

### Department of Education Region VI-Western Visayas **DIVISION OF AKLAN** Archbishop G.M. Reyes St., Kalibo, Aklan

November 20, 2019

DIVISION MEMORANDUM No. 416, s. 2019

### ADDENDUM/CORRIGENDUM to D.O. No. 310, s. 2019 ENTITLED "2019 DIVISION SCILYMPICS"

To: Chief Education Supervisors
Education Program Supervisors
Senior/Education Program Specialists
Public Schools District Supervisors
Principals/Head Teacher In-Charge of the District
School Heads of Public Elementary and Integrated Schools
Science Teachers Concerned

- 1. This is to inform the field of the corrections and additional information pertaining to the DIVISION SCIENCE CONGRESS for School Year 2019-2020 will be held in the District of Malinao on November 28 to 30, 2019 (for elementary level) and December 5 to 7, 2019 (for secondary level). The host schools are Malinao Elementary School, Malinao School for Philippine Craftsmen, St. Joseph Academy, and Tambuan Elementary School.
- 2. The Search for Lakan at Lakambini ng Siyensiya will no longer be conducted. However, this will be replaced by "**Science and Technology Runway**". Mechanics of the activity is attached.
- 3. Attached also is the revised/adjusted "Matrix of Activities".
- 4. Immediate and wide dissemination of the contents of this Memorandum to all concerned is desired.

MIGUEL MAG D. APOSIN EdD, CESO V
Schools Division Superintendent

/MCLMD

### SCIENCE and TECHNOLOGY RUNWAY

### Futuristic Wear Showcase

- The imaginative creation of tomorrow's world, or of life outside the solar system, is one of the enduring fascinations of science fiction. Alongside production design, costume plays a key role in creating worlds and characters that support stories of future societies, space travel and fantastic other worlds and galaxies.
- The main objective of this show is to show campers how science and technology influence not only the outfit but the way of life of the people.
- Participating teams will pre-design a costume that depicts the future. Male and female member of the team will wear the costume to show them in public.
- Each member will be given one (1) minute to introduce themselves, the team, and to say something about
  the costume and connect it to Science and Technology in the future. Speech should focus on how Science
  and Technology could change peoples' lives by citing innovations present in the locality where the student
  belong.
- o In this activity, the engineering skills and craftsmanship of the group will be determined.
- In judging the best among the contestants, the following criteria will be used:
  - a. Stage Projection / Poise and Bearing (25%)
  - b. Intricacy of the Engineering Design Done on the Outfit (25%)
  - c. Relevance to the Theme (10%)
  - d. Content of the Message/ Advocacy (25%)
  - e. Over-all Impact (15%)

### "Wearable Elements of Nature"

- o In astrology, the universe is formed by the four elements: Earth, Air, Fire and Water. These are the outward manifestations of the true Elements. Each of the four elements contains its own unique properties, which work simultaneously to create one united universe. None of the elements are inherently good or bad, however, each has both positive and negative qualities.
- The Mission: Students are known to be innate artists and love to create and design. They have observed that the environment is already facing various challenges and problems. One of the serious problems is environmental wastes.
- Design a "Wearable Element of Nature" utilizing materials from the environment that may have caused increase in waste or pollution. Convert that material into something wearable and to be worn during the show. Head dress can be worn or any accessories that will strengthen the element being projected.
- Contestants will be given one (1) minute to introduce themselves and to discuss the element they are
  projecting, focusing on how humans must take care of it and how humans could save it for the future
  generation.
- In this activity, creativity and resourcefulness among students will be developed so as their love and concern to the environment.
- o In judging the best among the contestants, the following criteria will be used:
  - a. Stage Projection / Poise and Bearing (15%)
  - b. Creativity and Craftmanship done in the Outfit (15%)
  - c. Relevance / Adherence to the Theme (15%)
  - d. Use of Recycled and Recyclable materials (15%)
  - e. Content of the Message/ Advocacy (25%)
  - f. Over-all Impact (15%)

# **DIVISION SCIENCE CONGRESS 2019**

Elementary Level – November 28-30, 2019 Secondary Level – December 5-7, 2019 MALINAO, AKLAN
