CALLING FOR APPLICANTS!

The
development academy of the philippines
invites you to be one of the
Beneficiary Agencies
of the program:

Capability Building for Implementing the Government Quality Management Program (GQMP) 5S Quality Workplace (2021)

Beyond the economics, the pandemic ushered in the stringent observance of health and safety protocols for the New Normal. The new normal refers to the emerging behaviors, situations, and minimum public health standards that will be institutionalized in common or routine practices and remain even after the pandemic, while the disease is not totally eradicated through means such as widespread immunization. The new normal includes actions that will become second nature to the public, as well as policies that will continue to remain in force.

Recognizing the relevance of 5S applications in the New Normal, the Academy revitalizes 5S with its renewed focus on health and safety dimensions. This is where the 5S Quality Workplace comes in for operationalization.
