## BASIC EDUCATION ENROLLMENT POLICY

#### I. Rationale

Pursuant to the Constitutional mandate of the Department of Education to ensure the delivery of accessible and quality education, it has put in place a functional basic education system. The enactment of Republic Act No. (RA) 10157 or the Kindergarten Act and RA 10533 or the Enhanced Basic Education Act of 2013 brought about sweeping changes in basic education which gave rise to the need to align DepEd's existing processes with these reforms. The enrollment of learners, particularly the collection and management of enrollment data, is one such process, integral in planning, resource allocation, policy formulation, and development of interventions. To align the enrollment process with ongoing reforms, DepEd has issued and implemented several policies, such as the adoption of the Learner Reference Number (DO 22, s. 2012), the Adoption of Modified School Forms (DO 4, s. 2014, the Omnibus Policy on Kindergarten (DO 47, s. 2016), and the policy on Transfer of Records (DO 54, s. 2016). This Policy is issued to consolidate the various issuances on enrollment and institutionalize a basic education enrollment process.

#### II. Statement of Policy

All learners who elect to enroll in public schools nationwide must be accepted upon submission of the minimum documentary requirements articulated in this Policy.

Learners who wish to enroll in private schools and state and local universities and colleges (SUCs/LUCs) offering basic education must submit the minimum documentary requirements stipulated in this Policy, and satisfy other conditions for admission that the institution may require.

This Policy establishes the standard process of enrollment in public and private schools, SUCs/LUCs offering basic education, and Alternative Learning System (ALS) learning centers nationwide.

### III. Scope of the Policy

This Policy shall guide DepEd offices and personnel involved in enrollment in public and private schools, SUCs/ LUCs offering basic education, and ALS learning centers. This will also provide guidance to parents and learners on the enrollment process and the attendant requirements.

This Policy covers early registration, actual enrollment, Learner Information System (LIS) encoding, and reiteration of policies on collection of fees, among others.

For purposes of this Policy, the following terms are defined and understood as follows:

Before you go around your community to conduct your early registration activities, coordinate with the Obtrict or Division office and your barrangey. If there are other schools in your barrangey, coordinate with them as well.

Distribute this child mapping tool to your team of teachers and volunteers. They should fill this up as they move from house in the berangey. This will help you get important basic information on the status of 4-L7 year old children in your community which you can use in school planning. You only need to conduct thild mapping unless majority of your stationals come from nearby communities, in which case, you need to conduct thild mapping in those barangey, the District or Otvision office will initiate the child mapping in that area (following OO, No. 1 s. 2015).

Child mapping should be done at least every 3 years (preferably at the dark of the 6th cycle), assuming that there are no major drampes in the population of your community. After events causing major population changes (a.g. disasters), child mapping should be conducted to account for the children in your sommunity.

After mapping, consolidate the data. You can encode it in the School-Community Data Template for easy reference. Share the data with your District and Division offices, berangay, and with nearby schools and communities.
