14 September 2021

MR. RAMIR B. UYTICO
Regional Director
Duran St., Iloilo City

Dear Director Uytico:

We hope that this letter finds you in very good health.

We would like to invite the Grade 10-12 science teachers and students and interested school leaders in your division to attend the online launching event of *DZUP EskweKalikasan: Para sa kabataan, kapaligiran, at bayan* on Friday, 24 September 2021 at 2:30 pm. The live streaming of the online launch will be available through this link: <https://dzup.org/eskwekalikasan/> Participants will receive certificates of attendance.

Spearheaded by the Department of Broadcast Communication of the UP College of Mass Communication, in partnership with the UP National Institute for Science and Mathematics Education Development (NISMED) and the UP Diliman Office of the Chancellor through the initiative of the Office of Senator Legarda, the DZUP EskweKalikasan Project produced teaching and learning modules that are especially designed for senior high school teachers and students. Junior high school teachers may also use the materials for enriching their lessons.

The ten DZUP EskweKalikasan modules aim to integrate climate change knowledge and concepts about the Philippine environment into formal education. Each module consists of a *teaching module* with a *slide presentation*, *student worksheets*, *podcasts for students*, a *video guide for teachers*, and *radio program episodes*. After the project launch, participating schools in your division will be able to download the modules for free via the DZUP website. To know more about the DZUP EskweKalikasan Project, you may access the project brief [here](#).

The Honorable Loren Legarda, Deputy Speaker of the House of Representatives and the Representative of the lone district of Antique, will be the Keynote Speaker. Deputy Speaker Legarda is a pioneer in legislating policies in relation to the environment, and a staunch advocate of environmental protection and management, climate resilience, and quality education.

Thank you so much in anticipation of your generous support.

Very truly yours,

SHERYL LYN C. MONTEROLA, PhD
Director
