DR. FELICIANO C. BUENAFE JR., CESO VI
Schools Division Superintendent
Division of Aklan

Dear Dr. Buenafe:

Good day!

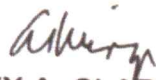

Following our initial invitation for the Localized Boot Camp component of our project entitled *Computer Science Fundamental Facilitators' Training, Course Training in Pedagogy, Boot Camp and National Dissemination*, we are pleased to share that the initiative is gaining momentum. As part of our commitment to expand the reach of this important training, our partner institution, **AKLAN STATE UNIVERSITY (ASU)**, will also be implementing this localized boot camp on **October 23-25, 2024** at the **CTE AUDIO VISUAL ROOM**. This collaboration strengthens our efforts to build a community of educators equipped with the skills needed for the digital age.

In view of this expanded partnership, we would like to kindly request that your institution send an additional **five (5) participants** who are **teaching science and math in the senior high school STEM stand, from schools with existing computer laboratories**. ASU will cover the expenses for training materials and meals (AM/PM snacks and lunch) during the three-day training. Travel and accommodation expenses will still need to be shouldered by your institution.

We kindly ask that you confirm the participation of your additional faculty by completing the attached form and sending it to **lhs@asu.ed.ph** on/or before **14 October 2024**. For any questions or additional information, please do not hesitate to reach out **Ms. Andrea Mae Ili** through telephone/mobile number 272-5727/09091610983.

We are looking forward to your favorable response and continued collaboration in enhancing the digital skills of our educators.

Very truly yours,

JEFFREY A. CLARIN, DIT
SUC President III *JIC*
