DR. FELICIANO C. BUENAFE, JR., CESO VI
Schools Division Superintendent
Department of Education-Division of Aklan
Poblacion, Numancia, Aklan

Dear **Dr. Buenafe**:

The Department of Science and Technology (DOST) is pleased to announce that applications for the **2025 DOST-SEI Undergraduate Scholarship** are now open. The scholarship program aims to support students with aspirations to become future leaders in the fields of science and technology. It is open to all Grade 12 students for SY 2024-2025 who intend to pursue priority fields of study in science, engineering, agriculture, and mathematics (STEAM). Qualified scholars are entitled to benefits including a monthly stipend, tuition, book allowance, clothing allowance, and more.

In this regard, we plan to conduct an **Online DOST Scholarship Program Orientation** for graduating high school students in the province. The orientation is intended to promote our scholarship program and encourage interested students to apply. By the end of this session, we hope that many students be inspired to pursue their studies in the STEAM fields through our program.

To ensure the success of this activity, we kindly request your office's assistance in inviting schools across the province. The orientation will be conducted on the second week of November, in consideration of the scholarship application deadline on November 22, 2024.

Should you have any questions, please do not hesitate to contact Ms. Eunice Raiza Panagsagan at (036) 268-5685 or via email at aklanpstc@ro6.dost.gov.ph. We look forward to your support and prompt response to this request.

Thank you for helping us in our mission to empower young minds toward a future in science and technology.

Very truly yours,

DYNA ROSE G. TIBUBOS
Provincial Director
DOST-Aklan Provincial Office
