Enclosure to DepEd Order No. 004 s. 2025)

GUIDELINES ON THE ADOPTION OF THE FLEXIBLE WORK ARRANGEMENT IN THE DEPARTMENT OF EDUCATION

I. Rationale

1. The COVID-19 pandemic disrupted the operations of the Department of Education (Department), necessitating a shift from traditional face-to-face learning to alternative modes of instruction, digitalization of processes, and remote work arrangements for staff and educators. Despite these challenges, the Department has successfully ensured the continuity of basic education services while prioritizing the health and safety of employees through the implementation of information and communications technology strategies. However, the threat of similar occurrences, including natural and man-made calamities and transportation issues, persists.
2. Civil Service Commission Memorandum Circular (CSC MC) No. 6, s. 2022 entitled "*Policies on Flexible Work Arrangements in the Government*", as amended, institutionalizes the policies, systems and standards on work arrangements that may be adopted by government offices to provide a safe workspace for government officials and employees and to ensure the continuous delivery of public service, particularly during emergent disruptive situations caused either by natural and man-made calamities, crises, traffic congestions, and the institutionalization of energy-efficiency and conservation as a national way of life.
3. In addition, CSC through MC No. 2, s. 2021 dated 01 March 2021, enjoined all government entities to formulate a Public Service Continuity Plan (PSCP) to ensure continuous delivery of services to the public amidst any disruption. Correspondingly, DepEd, through a Press Release numbered PR-24-04-024 issued last 12 April 2024, declared that the flexible work arrangements to be implemented shall be adaptable and responsive work schemes for government officials and employees to manage any current or emergent situations caused either by natural and man-made calamities or any other situation.
4. Further, the Metropolitan Manila Development Authority (MMDA) issued MMDA Resolution No. 24-08, urging all national government agencies in the National Capital Region to implement a modified working schedule from 7:00 am to 4:00 pm to alleviate traffic congestion, especially during peak hours. The Civil Service Commission (CSC) supported this initiative through an advisory published on February 21, 2024, promoting the Adoption of Flexible Work Arrangements (FWAs) in the Government to Improve the Traffic Situation in Metro Manila. The advisory reiterated the possible work schemes and reminded agencies to ensure continuous public service delivery from 8:00 am to 5:00 pm during core working hours. It also emphasized the need for agencies to develop internal guidelines on FWA.

5. Similar situations are experienced by DepEd employees assigned in highly urbanized cities like Metro Cebu and Metro Davao, who are living from other cities or from nearby provinces where the employees need to travel daily from their residences to the office travailing the discomfort of heavy traffic in the metropolis or bearing the high cost of fuel and toll fees.
6. Lastly, COA and DBM released Joint Circular No. 1, s. 2022 dated September 13, 2022 entitled "*Policies on the Adoption of Flexible Work Arrangements for Contract of Service (COS) and Job Order (JO) Workers in Government*" to provide an inclusive policy on flexible work arrangements in the government by ensuring that the needs and expectations of other workers in the government are addressed in view of the circumstances brought about by natural and man-made calamities, disasters, and other similar situations.
7. In view of the above, this Order aims to establish the internal guidelines of the Department to implement the abovementioned issuances on the adoption of flexible work arrangements in DepEd offices to prioritize the health and safety of all officials and employees, particularly during emergent and disruptive situations, while ensuring the continuous delivery of services and the achievement of agency mandates, targets, and programs. This measure foster work-life balance, promote the use of information communication technology in current work processes and systems and ensures the provision of efficient public service to all learners, clients and stakeholders in any situation.
